FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF SECRETARY

Mr. William F. Caton
Acting Secretary
Federal Communications
Commission
1919 M St., N.W., Room 222
Washington, D.C. 20554

Re: Ex Parte Communication in CC Docket No. 96-61
(Rate Integration Issues)

Dear Mr. Caton:

Attached is a list of the changes Sprint made during the past year to its Tariff F.C.C. No. 1 for services which would be subscribed to by residential customers.

While each residential customer would not be affected by each of the changes, it would be more than a ministerial matter to identify which customers should be informed of which changes so as to ensure that they are sent the appropriate notice. Even if a particular customer is not taking the specific residential service being changed, the change might be of interest to the customer because it might make such service more attractive and provide a possible alternative that the customer would be interested in considering.

Please let me know if you need additional information or would like to discuss further.

Sincerely,

A handwritten signature in dark ink, appearing to read "Leon M. Kestenbaum".
